

More than Twenty Egyptian Companies in Field of Building, Refractory and Metallurgy Industries in a discovery Mission to Romania
March 24 - 28, 2015

The Egyptians are very well known for the sculpture & building skills, as a piece of art . The Pyramids are a symbol of such talented skills and long life lasting industrialized materials.

The Exports Council of Building Materials (ECBM) in collaboration with The Egyptian Commercial Office, Embassy of Egypt in Bucharest will organize a special promotional mission targeting Romania and its adjacent markets from 24 to 28 March 2015.

More than Twenty firms from the ECBM will take part in a trade mission which will inspire commercial and industrial partnerships particularly in the building, Refractory and Metallurgy Industries with Romania. The delegation includes representative of major and highly specialized firms in Egypt. They are representing around 5 main product segments such as Marble & Granite, Ceramic & Sanitary Ware, Water Proofing, paints & Coating Materials, Clay Pipes for Drinking water networks and Sewerage Systems and Mining for raw materials.

It will be a good opportunity for ECBM members delegation to perceive the local products and get more acquainted with The Romanian market requirements.

The industry of such products in Egypt stands for future prospects. The ECBM plans to increase its exports by 30% annually, accordingly the ECBM sets up business plans to introduce the leading manufacturing and exporting companies to overseas markets. Moreover, they take part at the most important International specialist Exhibition all over the world.

Such distinguished delegation focuses on the products that might have strong demand in The Romanian Market and competitive edge as well comparing with other importing resources.

Several personalized Business to Business meetings (B2B) are expected to be done, moreover a workshop on 25 March 2015 will be held with representatives of Romania's business community, government officials and major engineering contractors and consultancy firms .
The high profile meetings will focus on identifying the possibilities of strengthening the trade relations through exporting, and seeks to promote the benefits of deepening the cooperation and investment opportunities between the two countries, in the field of construction materials.

In this context, It's worthy to mention that the value of Egypt's exports of building materials to Romania reached US 15 million Dollars last year whereas the sector's exports to Europe reached US 746 million Dollars. This indicates that there's would be actual and potential demand on Egyptian building, metallurgy and refractory industries.

Meanwhile, the value of Total Egypt's exports to Romania reached US 114 million Dollars last year, whereas the Egypt's exports to Europe reached US 6441 million Dollars.

Romanian Companies are invited to snipe the opportunity to communicate and meet up with such delegation for the sake and mutual benefits.

Consequently, For more details or appointing meetings please contact:

The Economic and Commercial Office

Egyptian Embassy in Bucharest
